Motioned by: M. Hopkins Seconded by: J. Miaso

Motion passed by unanimous voice vote.

The meeting was adjourned at 7:45 pm.

PLANNING AND DEVELOPMENT SERVICES MEMORANDUM 22-90

DATE: September 28, 2022

TO: The Chairman & Members of the Planning & Zoning Commission

FROM: Kristy Stone, Interim PDS Director

RE: (#22-09) Townhomes at the Grasslands Final Subdivision/PUD Plat and Final PUD Plan (Phase 2)

PETITIONER

Chris Naatz and Dan Olsem on behalf of Bartlett 59 LLC

SUBJECT SITE

Rt. 59 and West Bartlett Road

<u>REQUEST</u>

Final Subdivision/PUD Plat (Phase 2) Final PUD Plan (Phase 2)

SURROUNDING LAND USES

	Land Use	Comprehensive Plan	Zoning
Subject Site	Vacant	Residential	PD
North South East West	Townhomes Vacant Single Family Vacant	Residential Residential Residential Commercial	SR-5 PUD, SR-6 PUD PD ER-2 R4*

*Cook County – Single Family Residence

BACKGROUND

Ordinance #2021-68 approved the Planned Development Agreement between Bartlett 59 LLC and the Village of Bartlett for the Grasslands Subdivision.

Ordinance #2021-69 approved the rezoning of the property to the PD (Planned Development) Zoning District, the preliminary subdivision plat/preliminary PUD plan, granted special use permits for a planned unit development and wetlands and

PDS Memo 22-90 September 28, 2022 Page 2 of 4

amended the future land use plan to develop the Grasslands Subdivision. The property was proposed to be developed in three (3) phases.

DISCUSSION

- 1. The petitioners are requesting approval of the **Final Subdivision/PUD Plat** and **Final PUD Plan** for the Townhomes at the Grasslands Subdivision (Phase 2).
- 2. This development would consist of a total of 116 units in 23 buildings with five 6-unit buildings, fourteen 5-unit buildings and four 4-unit buildings.
- 3. The plan identifies one full access curb cut on West Bartlett Road which has been approved by the Cook County Department of Transportation and Highways.
- 4. The plat identifies a 17-foot wide road dedication along the east side of Naperville Road. A 10-foot wide bike path, including the railroad crossing, would continue the bicycle/pedestrian system along Naperville Road.
- 5. Lot 202 contains a wetland detention basin and Lot 204 is approximately 54.18 acres of open space including floodplain and wetlands.
- 6. The front building elevations are primarily cultured stone veneer with vinyl siding. Side and rear elevations are vinyl siding. A balcony is provided above each unit's garage.
- 7. The final landscape plans have been approved.
- 8. The final engineering plans and stormwater report are currently being reviewed.
- 9. The Final Subdivision/PUD Plat and the Final PUD Plan for Phase 1 are in substantial compliance with the Preliminary Subdivision/PUD Plat, dated March 20, 2021, last revised June 21, 2021 and the Preliminary PUD Plan, dated January 29, 2021, last revised June 25, 2021.

RECOMMENDATION

.

- 1. The Staff recommends approval of the petitioner's requests for a Final Subdivision/PUD Plat and Final PUD Plan for Phase 2 subject to the following conditions and Findings of Fact:
 - a. Village Engineer approval of the Final Engineering Plans, stormwater report and the engineer's estimate of cost;
 - b. A Public Improvements Completion Agreement (PICA) must be submitted and approved by the Village Board;

PDS Memo 22-90 September 28, 2022 Page 3 of 4

- c. Sidewalks and bike paths are required to be installed in accordance with the Subdivision Ordinance except where waived as outlined in the Development Agreement;
- d. All construction traffic shall exit the site southbound on Naperville Road and appropriate signage installed;
- e. Approval from the Cook County Division of Transportation for the curb cut and roadway improvements on Naperville Road;
- f. A Special Service Area shall be established prior to the issuance of a residential building permit;
- g. Proposed CCR's shall be reviewed and approved by the Village Attorney prior to the recording of the final plat of subdivision/PUD for Phase 2;
- h. A 10-ft. wide bike path shall be installed along the east side of Naperville Road, including within the railroad right of way, in accordance with the Development Agreement,
- i. Compliance with the satisfaction of the terms and conditions of the Planned Development Agreement between Bartlett 59 LLC and the Village of Bartlett;
- j. Findings of Fact (Final PUD Plan):
 - i. That the proposed townhomes are a permitted use in the PD Zoning District;
 - ii. The Planned Unit Development is designed, located and proposed to be operated and maintained so that the public health, safety and welfare will not be endangered or detrimentally affected;
 - iii. The Planned Unit Development will not substantially lessen or impede the suitability for adjacent permitted uses and development of, or be injurious to the use and enjoyment of, or substantially diminish or impair the value of, or be incompatible with, other property in the immediate vicinity;
 - iv. The Planned Unit Development shall include impact donations in accordance with the Bartlett Donation Ordinance as set forth in the Planned Development Agreement;
 - v. The Final PUD Plan will provide adequate utilities, drainage and other necessary facilities;
 - vi. The Final PUD Plan provides adequate parking and ingress and egress and be so designed as to minimize traffic congestion and hazards in the public streets;
 - vii. The Final PUD Plan shall have adequate site area, which area may be greater than the minimum in the district in which the proposed site is located, and other buffering features to protect uses within the development and on surrounding properties;
 - viii. The Developer shall be required to provide reasonable assurance that, if authorized, the Planned Unit Development will be completed according to schedule and adequately maintained.

PDS Memo 22-90 September 28, 2022 Page 4 of 4

2. The plans and additional background information are attached for your review.

August 23, 2022Bartlett Village President and Board of Trustees 228 S. Main Street Bartlett, IL 60103

Dear Mr. Wallace and Board of Trustees,

This letter serves to accompany our application and Final Plans that includes our Final PUD Plan, Final Engineering Plans, Final Plat of Subdivision, and Final Landscaping Plan for development of approximately 16 acres located east of Naperville Road, north of the Railroad Tracks and south of the Amber Grove Townhomes in accordance with the Development Agreement dated July 20, 2021. Following Village Board Approval of the preliminary site plan and rezoning to the PD Planned Development District along with Final PUD Plan approval for the first phase of The Grasslands, we are now requesting final approvals and permitting for the Townhomes At The Grasslands totaling 115 multifamily residential units.

Once again, we offer our Vision for this community of one that will flourish in a post-Covid world and well beyond. As a result of the pandemic, the Chicago area is seeing a migration of people seeking communities with open spaces and the charm of suburban living. This concept will appeal to those who want to live in a multi-generational community in homes that are conducive to remote work and learning, and low maintenance home sites that allow people to spend more time in the outdoor amenities of the overall community.

The Townhomes At The Grasslands will be an extension of the exceptional community established with The Grasslands and will continue to offer a living style for folks in all life stages. The Townhomes community offers homes for folks that prefer not to maintain a home or yard. While buyers of all ages and circumstances may desire low maintenance living, this neighborhood may appeal to first time buyers, move down buyers, singles, couples and anyone who chooses not to maintain a yard or a home exterior. The data suggests that current Bartlett residents will overwhelmingly welcome the opportunity to stay in town because new, single level homes in an artfully designed community are a choice.

This neighborhood is nestled in its own enclave that offers privacy and neighborly living with over 50 acres of preserved natural areas and wetlands. The neighborhood is bordered by the existing Amber Grove townhome community and railroad tracks which represent the convenience that these buyers desire – shorter commutes and proximity to area amenities, including the quaint setting of downtown Bartlett.

We're proud to present this community because we believe it will be beautifully innovative and a community in which the Village of Bartlett will have enduring pride! Thank you for your thoughtful review and consideration.

We look forward to continuing our relationship of working together!

Sincerely,

Chris Naatz

	THE GRASSLANDS - PHASE 2 BARTLETT, ILLINOIS	TYPICAL FOUNDATION PLANS
Silver - 4	DATE PROJECT NO. DRAWN CHECKED SHEET NO. 6 0	TRC GFB

- 2 Submission of shop drawings
- 3 Submission of construction schedule
- 4 Verification of existing conditions and underground utilities
- 5 Secure and pay for all permits, fees, inspections and schedule all
- inspections related to work, including JULIE locates
- 6 Comply with all applicable codes
- 2 0 QUALITY ASSURANCE
- A Construction shall conform to ©Building Code Requirements for Engineered Brick Mosonry,* BIA, latest edition
- B All brick and stone shall be finest architectural grade free of cracks, chips, defects, etc.
- $\mathsf{C}_{\rm e}$ installation shall be by a company continuously and regularly employed in the installation of brick and stone monuments for a period of at least 5 consecutive years
- D. No masonry shall be loid when the temperature is expected to fall below 40 degrees F, unless suitable means, submitted in writing to the owner, are provided to heat materials and pratect the work Protect work from cold and frost and insure that mortar will harden without freezing. No additives shall be used, unless approved in writing by the owner.
- E All corners of monuments and piers are to be staked by engineer and verified by the contractor
- 3 0 JOB CONDITIONS
- A Examine and evaluate grades, and soils Provide soil testing and verify soils structural integrity Observe the conditions under which work is to be performed and notify the awner of unsatisfactory conditions. Do not proceed with the work until unsatisfactory conditions have been corrected in an acceptable manner.
- B Utilities Review underground utility location maps and plans; Notify JUL1E; demonstrate on awareness of utility locations; and certify acceptance of liability for the protection of utilities during course of work. Contractor shall be responsible for any damage to utilities or property
- C All streets and curbs must be cleaned at the end of each working day.
- D All OSHA requirements for safety must be adhered to at all times

- Where failures have occurred resulting from the concrete not meeting the specified design strength, or workmonship, it shall be the responsibility of the subcontractors in connection with the supplier to take whatever corrective actions are necessary to eliminate the problem. In addition, it shall be their responsibility to make resulting for their resulting repair work created by the problem.
- 5.0 SUBMITTALS
 - A. Construction Schedule: After award of the Contract, the Contractor shall prepare and submit to the awner or an owner authorized representative an estimated construction progress schedule for the work, including sub-schedules of related activities which are essential to its progress, as well as lead-time for materials
 - 1 Show complete sequence of construction by activity, with dates for beginning and completion of each element of construction. Schedule to represent a continuous flow of construction activities so that there are no days of non-activity on site.
 - B. Product Samples: Submit samples of stone, architectural pre-cast, mortars and sealants, slate, light fixtures, tile, and arramental fearing for the owner's design conformance review prior to delivery to site
 - C Product Data Submit product data for stane, limestane, architectural pre-cast, mortars and joint sealants, slate, tile, light fixtures, and arramental fencing.
 - D. Provide certificate of insurance per the owner's requirements
 - E Provide names and contact information for any subcontractors and suppliers
- F Shop Drowings
 - Prepare and submit to the Owner's Representative for design conformance review complete cutting and setting drawings for all masonry work
 - 2 Submit one (1) set prints with following items in detail a) Sizes
 - b) Sections
 - c) Dimensions and numbering of stone and brick
 - d) Arrangements of joints and band
 - 3 Show jointing as indicated on the contract drawings, unless modification is reviewed for design conformance by Owner's Representative prior to preparation of shop drawings

 - Establish jointing in accordance with industry standards and practices where not indicated on contract drawings

- 2 Load and ship all brick and cut stone in a sequence mutually agreed in by the General Contractor and the material supplier
- I Receive and unload at site all brick and stone with necessary care in handling to avoid damage or sailing
- 2 Store brick and store clear of ground on non-staining skids Wood containing tannin, chemical treatment, or excessive amounts of results shall not be used.
- 3 Cover brick and stone with waterproof, clean canvas, or polyethylene for protection from construction or natural elements

7 0 INSTALLATION A Morta

- I Cement white, non-staining masonry cement, conforming to ASTM-C91
- 2 Sand Clean, sharp, and washed, capable of passing a No 16 sieve, and in conformance with ASTM-CIAA Carefully select sand for use in pointing mortar for color to match limestane. For pointing mortar, select a white sond
- 3 Lime Hydrated, conforming to ASTM-C207. Type S.
- 4 Water Clear, non-alkaline, potable and free of oils, solts, and other hormful elements.

B Foundation

Concrete mix air entrainment, compressive strength at twenty-eight (28) days, and slump are to be designed and specified by the contractor's structural engineer

C. Mortar Beds

-) Lay brick with full mortar coverage on horizontal and vertical joints in all courses
- 2 Provide sufficient mortor on ends of brick to completely fill head
- 3 Rock closure into place with head joints thrown against two adjacent bricks in place.

- E Elashina

- through-wall flashing, pitching out
- 4 Cover Flashing with morton

- - mance review

- B Unloading and Storage:
- - - - F Weepholes

 - 8.0 CLEAN UP AND PROTECTION

 - 9.0 INSPECTION AND ACCEPTANCE

5 Width, depth, and taoling of all mortor joints shall be consistent and shall not vary more than 1/8*

6 Movement joints. Keep clean of all mortar and debris

I Install complete and continuous under stone copings and other projections

2 Lop joints 6' Seal entire contact surface with mostic 3 Provide a mortar wash at the base of the cavity, underneath the

I. Provide 3/8° cotton rope weeps. Rope weeps shall extend thru the veneer face and inside the cavity, lying on top and along the bottom length of the flashing. Cut rope flush with wall face

2 Maximum spacing, rope weeps, 16 inches a.c., at wall base, 16 inches a.c. at lintels above openings 3 Keep weepholes and area above flashing free of mortar droppings

A. All material shall be washed with fiber brushes, soap powder, and clean water or Dwner reviewed mechanical cleaning process.

B Sand blasting, wire brushes, or acids shall not be used. Exceptions may be considered if reviewed by the Owner or an Owner authorized representative

C During work, store materials and equipment as directed by the owner D Protect work and materials from damage due to operations by other trades and trespossers Maintain protection during installation

A The Owner and or the Owner's representative reserves the right to inspect materials and workmashing at the site prior to, during construction, or at the time of inspection for compliance with these specifications

B Notify the Owner's representative when completed, for final design

PLANNING AND DEVELOPMENT SERVICES MEMORANDUM 22-91

DATE: September 29. 2022

TO: The Chairman & Members of the Planning & Zoning Commission

Kristy Stone, Interim PDS Director 22 FROM:

RE: #22-13 2250 Graham Street

PETITIONER

David A. Schaefer Architects on behalf of Freighstar Expediated LLC

SUBJECT SITE

2250 Graham St (Bluff City Industrial Park)

REQUESTS

Amendments to the Bluff City Industrial Park PUD Plan and General Site Plan Modification to the Special Use Permit for the Planned Unit Development Final PUD Plan Review Special Use Permit to allow automotive services Amendments to Ordinance #2003-103

SURROUNDING LAND USES

	Land Use	Comprehensive Plan	<u>Zoning</u>
Subject Site	Industrial	Industrial	PD
North South East West	Industrial Industrial Detention Municipal	Industrial Industrial Industrial Industrial	PD PD PD P-1

BACKGROUND

1. The Planned Development approved by Ordinance #2003-98, approved and executed the annexation agreement between Bluff City LLC, Southwind Financial Ltd and the Village of Bartlett for the Bluff City Industrial Park. The annexation agreement specifies the permitted uses, special uses and prohibited uses for the industrial park. The annexation agreement lists automotive services as a prohibited use.

PDS Memo 22-91 September 29, 2022 Page 2 of 5

- 2. Ordinance #2003-103 approved the Bluff City Industrial Park's Preliminary PUD Plan and General Site Plan which identified the Subject Property as an asphalt/concrete plant.
- 3. Ordinance #2016-90 amended the Bluff City Industrial Park's Preliminary PUD Plan and General Site Plan and approved a Final PUD Plan and granted special use permits to allow outdoor truck and trailer storage on the subject property. The Ordinance restricted outdoor storage on the Acton Mobile site (the west 5 acres of the Subject Property) to mobile office trailers, storage trailers and portable classrooms. The ordinance prohibited the following on the truck and trailer storage site (the east 5 acres of the Subject Property):
 - Operation of commercial office or retail businesses out of stored vehicles
 - Truck and motor vehicle repair operations
 - Storage of furniture not in an enclosed container
 - Storage of vehicles and trucks in disrepair
 - Junk yards
 - 4. The petitioner submitted a concept plan for this project which was reviewed by the **Committee of the Whole** at their May 3, 2022 meeting. The committee encouraged the applicant to submit a full development application and directed staff to forward the application directly to the Planning & Zoning Commission to conduct the required public hearing.

DISCUSSION

- 1. The approved Preliminary PUD Plan and General Site Plan for the 186-acre Bluff City Industrial Park identities the 10-acre subject property for a concrete plant and truck/trailer storage area. The petitioner is requesting to **modify the Special Use Permit for the Planned Unit Development, amend the Bluff City Industrial Park Preliminary PUD Plan and General Site Plan** to identify the 10acre subject property as "Graham Truck Terminal" and to classify "automotive services" as a special use, not a prohibited use, in the list of surface uses for the Bluff City Industrial Park.
- 2. The petitioner is requesting a **Final PUD Plan** for the Graham Truck Terminal. The two buildings (24,300 sq.ft. and 25,000 sq.ft.) and trailer lot will share a single curb cut on Graham Street. The Final PUD Plan identifies 70 parking spaces including 4 accessible spaces which meets the Zoning Ordinance requirement.
- 3. The front building elevations are comprised of 16"x 8" gray split-face CMUs. The side and rear elevations are constructed of vertical metal panels. The rear of each building has 9-10 drive-in doors.

PDS Memo 22-91 September 29, 2022 Page 3 of 5

- 4. The petitioner is proposing to utilize an asphalt grindings surface for the 156space trailer parking lot. The lot will be fully fenced with a security gate located between the buildings.
- 5. A **Special Use Permit** is being requested to allow automotive services including truck repair.
- 6. The petitioner is also requesting to **amend Ordinance #2003-103 (Exhibit E-the Preliminary PUD Plan, Exhibit F- Surface Uses and Exhibit H-the General Site Plan)** to reflect the proposed truck storage and repair facility at this site.
- 7. The annexation agreement for Bluff City Industrial Park lists automotive services and truck terminal as prohibited uses in the Bluff City Industrial Park. The Village Board will conduct the public hearing and review the request to amend the annexation agreement approved by Ordinance #2003-98 (Exhibit E Preliminary PUD Plan, Exhibit F Surface Uses and Exhibit H Preliminary Site Plan.)
- 8. The landscape plan and photometric plan have been approved. Engineering is under review.

DISCUSSION POINTS

- 1. The Staff recommends **approval** of the petitioner's requests subject to the following conditions and Findings of Fact:
 - a. Village Engineer approval of the Engineering Plans;
 - b. Landscaping must be installed within one year of the issuance of a building permit per the approved landscape plan. If landscaping cannot be installed at the time of construction, a landscape bond must be posted in the approved amount for its future installation;
 - c. Lock boxes shall be provided and access granted to the Bartlett Fire Protection Districts for the gates located on Graham Street;
 - d. Building permits shall be required for all construction activities;
 - e. Findings of Fact (Amended General Site Plan):
 - i. That the proposed truck storage and repair facility are permitted/special uses in the PD Planned Development Zoning District;
 - ii. That the proposed building, off-street parking, access, lighting, landscaping, and drainage is compatible with adjacent land uses;
 - iii. That the vehicular ingress and egress to and from the site and circulation within the site provides for safe, efficient and convenient movement of traffic not only within the site but on adjacent roadways as well;

- iv. That the site plan provides for the safe movement of pedestrians within the site;
- v. That there is a sufficient mixture of grass, trees and shrubs within the interior and perimeter (including public right-of-way) of the site so that the proposed development will be in harmony with adjacent land uses. Any part of the site plan area not used for buildings, structures, parking or access ways shall be landscaped with a mixture of grass, trees and shrubs; (All landscape improvements shall be in compliance with Chapter 10-11A, Landscape Requirements.)
- vi. That all outdoor storage areas are screened and are in accordance with standards specified by this Ordinance.
- f. Findings of Fact (Special uses- PUD & automotive services):
 - i. The modification to the PUD and automotive services are desirable to provide a use which is in the interest of public convenience and will contribute to the general welfare of the community;
 - ii. That the modification to the PUD and automotive services will not under the circumstances of the particular case be detrimental to the health, safety, morals or general welfare of persons residing or working in the vicinity or be injurious to property value or improvement in the vicinity;
 - iii. That the special uses shall conform to the regulations and conditions specified in the Bartlett Zoning Ordinance for such use and with the stipulations and conditions made a part of the authorization granted by the Village Board of Trustees.
- g. Findings of Fact (PUDs, Amended Preliminary and Final PUD Plans):
 - i. The storage of mobile office trailers, storage trailers, portable classrooms and truck and trailer storage are in conformance with the Comprehensive Plan and the Future Land Use Plan which identifies this site for industrial uses;
 - ii. Storage of mobile office trailers, storage trailers, portable classrooms and truck and trailer storage are permitted uses in accordance with the Annexation Agreement;
 - iii. The Amended Preliminary and Final PUD Plans are designed, located and proposed to be operated and maintained so that the public health, safety and welfare will not be endangered or detrimentally affected;
 - iv. The Amended Preliminary and Final PUD Plans shall not substantially lessen or impede the suitability for uses and development of, or be injurious to the use and enjoyment of, or substantially diminish or impair the value of, or be incompatible with, other property in the immediate vicinity;
 - v. The Amended Preliminary and Final PUD Plans shall include impact donations;

- vi. Adequate utilities and drainage shall be provided for this use;
- vii. Adequate parking and ingress and egress will be provided for these uses so as to minimize traffic congestion and hazards in public streets;
- viii. Adequate buffering and landscaping shall be provided to protect uses within the development and on surrounding properties;
- ix. There shall be reasonable assurance that, if authorized, this facility will be completed according to an appropriate schedule and adequately maintained.
- 2. Copy of the proposed plans and background information are attached for your review. The original Bluff City Industrial Park 186-acre Preliminary PUD Plan and General Site Plan are attached for your reference.

Village of Bartlett President Village of Bartlett Board of Trustees 228 S. Main Street Bartlett, IL 60103

Re: Project Name: Graham Truck Repair and Trailer Storage Facility, 2250 Graham St., Bartlett, IL

Dear Ladies and Gentlemen:

I am representing George Hristov in the above-captioned matter. His company, Freighstar Expedited LLC, has a contract to purchase this property. The contract to purchase is contingent on receipt of a favorable approval on his application to build a 49,300 square foot multi-unit Truck Repair and Trailer Storage Facility that will give tenants the ability to do truck maintenance and repair.

In order to do that, George Hristov is applying to the Village for truck repair and maintenance which is not an allowed use on this property and currently is not permitted, per the zoning code. Please note that a Truck Repair and Trailer Storage Facility are permitted uses at this location. However, any Truck Repair and Trailer Storage Facility that doesn't also have the ability to maintain and repair their trucks is simply not a complete facility. The vision of a complete Truck Repair and Trailer Storage Facility is a transportation and logistics company that is a selfsustaining in-house operation that does not need to outsource parking, locations, repair shops, parts etc.

As you are aware, this property has been used historically for the parking of trucks/trailers and construction trailers. The multi-unit Truck Repair and Trailer Storage Facility, that will give tenants the ability to do truck maintenance and repair would certainly be a welcome addition to the Village of Bartlett and would generate substantial real estate tax revenue. The proposed use would also create jobs and opportunities within the industrial park. The proposed improvements will meet all building codes and adhere to the rules of the zoning district.

The property will tie into existing off-site storm water basins. All truck traffic will have plenty of radius to maneuver efficiently on the site. All personnel passenger vehicle parking will be up front near Graham St. with trucks parking and driving in the back, northerly part of the property. The site will be fenced and screened with trees.

We are respectfully requesting Village approval for the following:

- a. A Third Amendment to the Preliminary PUD Plan;
- b. A Third Amendment to the General Site Plan;
- c. Amend Ordinance 2003-103 Exhibits E (Preliminary PUD Plan) and H (General Site Plan) and Exhibit F (Surface Uses) to remove "automotive services" from the list of prohibited uses and add to the list of special uses;
- d. Final PUD Plan for 2250 Graham St.
- e. Special Use Permit to allow automotive services;
- f. Modification to the Special Use Permit for the Planned Unit Development;
- g. Amendment to Exhibit F (Surface Uses) in the Annexation Agreement.
- h. 6B Tax Abatement

This multi-unit Truck Repair and Trailer Storage Facility, that will give tenants the ability to do truck maintenance and repair will be a great addition to the Village of Bartlett.

Respectfully submitted,

cc: Freighstar Expedited Brad Bullington George Hristov David A. Schaefer

SOUTHWIND FINANCIAL, LTD.

PLANNING & DEVELOPMENT VILLAGE OF BARTLETT

September 1, 2022

SENT VIA EMAIL Ms. Kristy Stone Interim Planning & Development Services Director Village of Bartlett 228 S. Main Street Bartlett, IL 60103 KStone@bartlettil.gov

RE: Authorization Letter 10.357-acres at 2250 Graham St., Bartlett, IL 60103

Dear Kristy,

Please accept this letter as Southwind Financial Ltd.'s authorization of the requests listed below as related to the "Truck Repair and Trailer Storage Facility" project at the above referenced location as submitted on the Development Application from Petitioner, David Schaefer:

- 1. Amend Ordinance 2003-103 Exhibits E (Preliminary PUD Plan) and H (General Site Plan) and Exhibit F (Surface Uses) to remove "automotive services" from the list of prohibited uses and add to the list of special uses
- 2. Amendment to Exhibit F (Surface Uses) in the Annexation Agreement

Southwind Financial Ltd. also approves the updated exhibits (see attached) as listed below:

- 1. Exhibit B: General Site Plan
- 2. Exhibit C: Preliminary PUD Plan

Thank you for your consideration.

Sincerely, SOUTHWIND FINANCIAL, LTD.

h and

FINDINGS OF FACT (Standards)

The Village of Bartlett Zoning Ordinance requires that certain findings of fact, or standards, must be met before a special use permit, variation, site plan or planned unit development may be granted. Each application for a hearing before the Plan Commission or Zoning Board of Appeals for a special use, variation, site plan or planned unit development must address the required findings of fact for each particular request. The petitioner should be aware that he or she must present specific testimony at the hearing with regards to the findings. (On the following pages are the findings of fact, or standards, to be met. Please respond to each standard, in writing, as it relates to the case.)

PLEASE FILL OUT THE FOLLOWING FINDINGS OF FACT AS THEY RELATE TO YOUR PETITION

Findings of Fact for **Site Plans**: Pages 4-5 Findings of Fact for **Planned Unit Developments**: Pages 6-9 Findings of Fact for **Special Uses**: Page 10 Findings of Fact for **Variations**: Pages 11-12

FINDINGS OF FACT FOR SITE PLANS

Both the Plan Commission and Village Board must decide if the requested Site Plan meets the standards established by the Village of Bartlett Zoning Ordinance.

The Plan Commission shall make findings based upon evidence presented on the following standards: (Please respond to each of these standards in writing below as it relates to your case. It is important that you write legibly or type your responses as this application will be included with the staff report for the Plan Commission and Village Board to review.)

1. The proposed use is a permitted use in the district in which the property is located.

We are seeking an amendment to the existing PUD/PD to allow truck storage and truck repair on this site. We are also seeking approval to allow (2) principal buildings on a single zoning lot.

2. The proposed arrangement of buildings, off-street parking, access, lighting, landscaping, and drainage is compatible with adjacent land uses.

The Site Plan drawing shows two (2) new industrial/office buildings totaling 49,300sf, surface work, landscaping, drainage and new lighting. The property will drain and tie into the neighboring regional detention basin per the attached Civil Engineering drawings.

3. The vehicular ingress and egress to and from the site and circulation within the site provides for safe, efficient and convenient movement of traffic not only within the site but on adjacent roadways as well.

The Site Plan shows the main entrance/exit to the site in the middle of the South property line off Graham St. There is a 2nd entrance/exit near the West property line which gives access to the adjacent western property. The proposed truck turning radius plan is shown on the last page (TRUCK) of the Civil Engineering drawings attached.

4. The site plan provides for the safe movement of pedestrians within the site.

All personal passenger vehicle parking will be up front along Graham Street with trucks parking and driving to the back (Northern) half of the property.

5. There is sufficient mixture of grass, trees and shrubs within the interior and perimeter (including public right-of-way) of the site so that the proposed development will be in harmony with adjacent land uses and will provide a pleasing appearance to the public. Any part of the site plan area not used for buildings, structures, parking or accessways shall be landscaped with a mixture of grass, trees and shrubs. (All landscape improvements shall be in compliance with Chapter 10-11A, Landscape Requirements)

The Site Plan shows new tree plantings along Graham and the Eastern access road with grass around the entire perimeter of the site totaling nearly 3 acres or 28% of the property.

6. All outdoor storage areas are screened and are in accordance with standards specified by this Ordinance.

The entire site perimeter will be fenced and new trees are proposed along Graham St and the Eastern access road.

FINDINGS OF FACT FOR PLANNED UNIT DEVELOPMENTS

Both the Plan Commission and Village Board must decide if the requested Planned Unit Development meets the standards established by the Village of Bartlett Zoning Ordinance.

The Plan Commission shall make findings based upon evidence presented on the following standards: (Please respond to each of these standards in writing below as it relates to your case. It is important that you write legibly or type your responses as this application will be included with the staff report for the Plan Commission and Village Board to review.)

1. The proposed Planned Unit Development is desirable to provide a mix of uses which are in the interest of public convenience and will contribute to the general welfare of the community.

The site is currently being used for truck parking. The proposed Development will improve the entire street and industrial park thereby increasing property values.

2. The Planned Unit Development will not under the circumstances of the particular case be detrimental to the health, safety, morals, or general welfare of persons residing or working in the vicinity or be injurious to property value or improvement in the vicinity.

The proposed Development will create jobs and opportunities within the industrial park.

3. The Planned Unit Development shall conform to the regulations and conditions specified in the Title for such use and with the stipulation and conditions made a part of the authorization granted by the Village Board of Trustees.

The proposed Development will meet all building codes and zoning ordinances.

4. The proposed uses conform to the Comprehensive Plan and the general planning policies of the Village for this parcel.

The proposed Development will adhere to and compliment the Comprehensive Plan.

5. Each of the proposed uses is a permitted or special use in the district or districts in which the Planned Unit Development would be located.

No, we are seeking an Amendment and Special Use Permit to allow truck storage, truck repair and (2) principal buildings on a single zoning lot.

6. The Planned Unit Development is designed, located and proposed to be operated and maintained so that the public health, safety and welfare will not be endangered or detrimentally affected.

The proposed Development will adhere to the existing PUD, improve appearance and increase surrounding property values.

7. It shall not substantially lessen or impede the suitability for permitted use and development of, or be injurious to the use and enjoyment of, or substantially diminish or impair the value of, or be incompatible with, other property in the immediate vicinity.

The proposed Development similar to and will compliment the surrounding properties.

 \mathbf{e}

12

8. Impact donations shall be paid to the Village in accordance with all applicable Village ordinances in effect at the time of approval.

Yes

9. The plans provide adequate utilities, drainage and other necessary facilities.

Yes, see Civil Engineering drawings attached herein.

10. The plans provide adequate parking and ingress and egress and are so designed as to minimize traffic congestion and hazards in the public streets.

Yes, the amount of truck traffic will be similar to the truck traffic currently on site.

11. The plans have adequate site area, which area may be greater than the minimum in the district in which the proposed site is located, and other buffering features to protect uses within the development and on surrounding properties.

Yes, there other industrial businesses in the immediate area with outside storage incl: Welch Bros, Plote Asphalt, Lis Trucking, Vulcan, etc. We proposed to landscape the property as mentioned above. 12. There is reasonable assurance that, if authorized, the PUD will be completed according to schedule and adequately maintained.

Yes, we have an investor with approved funding ready to start. He has hired our experienced development team to execute this project.

٠

 (\mathbf{x})

FINDINGS OF FACT FOR SPECIAL USES

Both the Plan Commission and Village Board must decide if the requested Special Use meets the standards established by the Village of Bartlett Zoning Ordinance.

The Plan Commission shall make findings based upon evidence presented on the following standards: (Please respond to each of these standards in writing below as it relates to your case. It is important that you write legibly or type your responses as this application will be included with the staff report for the Plan Commission and Village Board to review.)

1. That the proposed use at that particular location requested is necessary or desirable to provide a service or a facility which is in the interest of public convenience and will contribute to the general welfare of the neighborhood or community.

Yes, the proposed Development will improve the entire street and surrounding industrial park.

2. That such use will not under the circumstances of the particular case be detrimental to the health, safety, morals, or general welfare of persons residing or working in the vicinity or be injurious to property value or improvement in the vicinity.

The proposed Development will adhere to the existing PUD, improve appearance and increase surrounding property values.

3. That the special use shall conform to the regulations and conditions specified in this Title for such use and with the stipulation and conditions made a part of the authorization granted by the Village Board of Trustees.

The proposed Development will meet all building codes and zoning ordinances.

ACKNOWLEDGEMENT

I understand that by signing this form, that the property in question may be visited by village staff and Board/Commission members throughout the petition process and that the petitioner listed above will be the primary contact for all correspondence issued by the village.

I certify that the information and exhibits submitted are true and correct to the best of my knowledge and that I am to file this application and act on behalf of the above signatures.

Any late, incomplete or non-conforming application submittal will not be processed until ALL materials and fees have been submitted.

SIGNATURE OF PETITIONER: A. SCHLAEFER PRINT NAME: DATE: REIMBURSEMENT OF CONSULTANT FEES AGREEMENT

The undersigned hereby acknowledges his/her obligation to reimburse the Village of Bartlett for all necessary and reasonable expenses incurred by the Village for review and processing of the application. Further, the undersigned acknowledges that he/she understands that these expenses will be billed on an ongoing basis as they are incurred and will be due within thirty days. All reviews of the petition will be discontinued if the expenses have not been paid within that period. Such expenses may include, but are not limited to: attorney's fees, engineer fees, public advertising expenses, and recording fees. Please complete the information below and sign.

VILLAGE OF BARTLETT PLANNING & ZONING COMMISSION RULES OF PROCEDURE

Article 1 – Officers

Section 1. Selection

- A. Pursuant to Section 10-13-3 of the Bartlett Municipal Code, the Chairman of the Planning and Zoning Commission (the "P & Z Commission") shall be the member of the P & Z Commission designated by the Village President at the time of his or her appointment.
- B. The Vice Chairman shall be appointed by the Chairman, subject to the confirmation of the P & Z Commission.
- C. The Director of the Planning & Development Services Department (the "PDS Department") or his/her designee shall serve as the Secretary to the P & Z Commission.
- D. In the absence of both the Chairman and Vice-Chairman, an Acting Chairman shall be elected by the P & Z Commissioners physically present at the meeting constituting a physical quorum.

(For purposes of these Rules of Procedure, the term "Chairman" means the Chairman designated by the Village President, or in his or her absence, the Vice-Chairman appointed by the Chairman and confirmed by the members of the P & Z Commission, or in his or her absence, the member elected by the members physically present to serve as the Acting Chairman of the meeting. Further, for purposes of these Rules of Procedure, the term "members present" includes members of the P & Z Commission physically present at a regular or duly scheduled noticed, continued, rescheduled or special meeting of the P & Z Commission, and those members permitted to be present by electronic means passed by a majority of members physically present as provided in Article 3, Section 3 below.)

Section 2. Duties

- A. The Chairman shall preside at all hearings or meetings, shall provide that an oath be administered to all witnesses, shall sign documents on behalf of the P & Z Commission, shall direct the PDS Department to prepare all reports of recommendation or official action for the Village Board, and shall perform such other duties necessary to carry out the purpose the P & Z Commission.
- B. The Vice Chairman shall perform all the duties and exercise all the powers of the Chairman in the case of absence or disability of the Chairman. The Vice Chairman shall perform other such duties as directed by the Chairman.

C. The Secretary or his/her designee shall call the roll, call public speakers, direct the preparation of the minutes of all meetings and public hearings and maintain records in accordance with the regulations of the Open Meetings Act, execute documents in the name of the P & Z Commission, prepare correspondence of subject to the instructions of the P & Z Commission and Chairman, and perform other such duties as the P & Z Commission may determine.

Article 2 – Meetings

Section 1. General Provisions

- A. All meetings and notices of Commission meetings shall comply with the Illinois Open Meeting Act, 5 ILCS 120/1 et.seq. (the "Open Meetings Act"). Unless a P & Z Commission meeting or portion thereof is closed pursuant to an express statutory exception under Section 2(c) of the Open Meetings Act cited in a motion to adjourn to closed session, all meetings of the P & Z Commission shall be open to the public. No final action shall be taken except at an open public meeting.
- B. A majority of the members of the P & Z Commission (five members assuming not more than one unfilled vacancy) shall constitute a quorum for the transaction of business and the taking of official action. A continuance of a public hearing to the next scheduled Commission meeting due to a lack of guorum shall not be considered transaction of business and all P & Z Commission business, including public hearing notice for a meeting at which there is no physical quorum present shall automatically be continued to the next regularly scheduled P & Z Commission meeting without further notice or republishing. The P & Z Commission may also continue, reschedule or reconvene a regular P & Z Commission hearing to a future date, time and place certain provided a physical quorum is present at which a member makes a motion to continue or reschedule or reconvene such regular meeting, and said motion passes, or it may hold a special meeting by complying with the requirements therefor hereunder and under the Open Meetings Act, including without limitation, providing notice to the members of the P & Z Commission and to the press requesting notice of such meetings, together with an agenda therefor, given not less than 48 hours before said special meeting and provided the requisite published, posted, and/or mailed notices of, and agenda for, the public hearing to be held at a special meeting state the date, time, place and subject matter of the public hearing to be held at such special meeting.
- C. A record of proceedings shall be maintained for all meetings of the Planning and Zoning Commission in accordance with applicable laws and shall at a minimum include the date, location of the meeting, Commission members present, and a record of any action taken by the P & Z Commission.
- D. Members of the public who wish to comment or testify at a public hearing to be conducted by the P & Z Commission shall comply with the provisions of Article V of these Rules of Procedure. Any member of the public who wishes to address the P & Z Commission for any other purpose, i.e., not a public hearing matter or a matter on the agenda for the P & Z Commission meeting for that date, may notify the Secretary

of his or her intent to speak during public forum; see Article IV for additional information.

Section 2. Regular Business Meetings

- A. The Regular Business Meeting of the P & Z Commission shall be held on the first Thursday of each month at 7:00 p.m.; provided, the P & Z Commission may adopt another hour and date of holding its meetings by majority vote, and/or provided the procedure for conducting a rescheduled regular meeting, continued meeting, reconvened meeting, or special meeting as are required under the Open meetings Act are complied with.
- B. All regular meetings of the P & Z Commission shall conclude at ten o'clock (10:00) p.m. unless extended to a time certain by a simple majority of Commission members present, or unless continued to the next regular meeting of the P & Z Commission by a simple majority vote of the Commission members present, or to a different date and time as stated in the motion to continue the P & Z Commission meeting which is duly passed.
- C. Public hearings shall be scheduled by the Chairman and the Planning & Development Services Department Director, and shall occur during the P & Z Commission's Regular Business Meeting. The Planning and Development Services Director shall publish proper notice for all public hearings in the newspaper of general circulation as required by law. The petitioner shall be responsible to provide all other notices required by law.
- D. The record of proceedings for all hearings shall include documentation that notices required by the Bartlett Municipal Code have been given.

Section 3. Special Meetings

A Special Meeting may be scheduled by the Chairman or the Planning & Development Services Director, provided that at least 48 hours' notice of and an agenda for said meeting is posted by the Village on its website and given by mail, email or telephone to each member of the P & Z Commission, and to the press that have requested notice of any such special meetings. The notice of the special meeting shall state the purpose and time of the meeting and shall otherwise comply with the Open Meetings Act.

Section 4. Legal Holidays

Any meeting that falls on a legal holiday (New Year's Day, Martin Luther King Day, President's Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans Day, Thanksgiving Day and Christmas Day) shall be held on such other date as may be agreed upon by the majority of the P & Z Commission, and provided notice thereof is given and posted as required under the Open Meetings Act.

Article 3 – Rules of Order

Section 1. Agenda

The Secretary shall prepare the agenda for each meeting of the Planning and Zoning Commission. The Director of Planning & Development Services or his or her designee, in consultation with the Chairman, shall endeavor to manage the agenda for the Planning and Zoning Commission so as to ensure that fair and full consideration is given to each item on the agenda. The Chairman may modify the order of consideration of any item on the agenda with the concurrence of a majority of the P & Z Commission members present.

Section 2. Regular Business Meetings

- A. Order of Business: The order of business at regular business meetings shall be as follows:
 - I. Call to Order
 - II. Roll Call
 - III. Approval of the Minutes
 - IV. Public Forum
 - V. Public Hearings
 - VI. Reports and Recommendations
 - VII. New Business/Old Business
 - VIII. Adjournment
- B. Item(s) Not on Agenda: The failure to specifically list a matter on the agenda shall not preclude discussion of any matter that is germane to a general topic listed on an agenda or meeting notice, but no public hearing shall take place on any item not on the Agenda for that meeting, and no final action nor vote on any recommendation of the P & Z Commission may be taken with respect thereto as to any matter not shown on the Agenda for that P & Z Commission meeting.
- C. Conduct of Members:
 - i. When two (2) or more Commission members seek recognition at the same time, the Chairman shall name and recognize the member who speaks first.
 - ii. Commission members shall always demonstrate respect for the opinions of each other, members of the staff, and members of the audience.
 - iii. While business of the P & Z Commission is being transacted, no Commission member shall leave the meeting without first informing the Chairman and ask to be excused.
- D. Conduct of Public: All individuals participating in the meeting shall conduct themselves in a courteous and civil manner. <u>No applause</u>, cheering, or other distractions shall be <u>permitted</u>. The Chairman shall take such actions as needed to maintain an orderly and civil meeting.

Section 3. Electronic Attendance

A. Electronic Attendance: A member of the P & Z Commission wishing to attend a Commission meeting electronically by telephonic or video means shall notify the Secretary as soon as possible, but not less than twenty-four (24) hours before the meeting unless advance notice is impractical. Attendance by telephonic or video means is only permitted in cases of: 1) personal illness or disability; 2) employment purposes or other business of the P & Z Commission; or 3) a family or other emergency.

No more than four Commission members may attend a P & Commission meeting electronically by telephonic or video means.

- B. Physical quorum present: A majority of the P & Z Commission must be physically present at a meeting in order to achieve a quorum, and to vote on whether to allow or disallow a member or other members of the Commission who is/are not physically present, and who has/have requested to attend by meeting electronically.
- C. Procedure:
 - i. The Chairman will announce the name of any Commissioner(s) desiring to attend by telephonic or video means at the beginning of the meeting.
 - ii. After a roll call establishing that a quorum is physically present, any member physically present may make a motion to permit another member (or members up to 4) to participate electronically by telephonic or video means. Such motion shall include the reason for the absence. All members physically present are required to vote on whether such participation will be allowed as to each member requesting to attend electronically based on one of the three permitted reasons set forth in Section 3 of this Article, and the motion must be approved by a vote of a majority of those members physically present for passage.
 - iii. Commission members participating by telephonic or video means shall preface their comments by first stating their last name.

Section 4. Motions

Motions shall be made in the affirmative and, if conditions are proposed to be imposed on any recommendation with respect to any petition, such conditions shall be included in the motion or by reference to the staff report.

The motion shall be seconded by a voting member of the P & Z Commission and restated by the Chairman before a vote is taken. The name of the individual making the motion and the name of the individual seconding the motion shall be recorded. A motion is not before the P & Z Commission until it has been seconded.

All motions are debatable except the motion to adjourn and the motion to close debate and call the question.

A motion may be amended as provided in Robert's Rules of Order, including but not limited to a motion to amend by the Commissioner who made the original motion, and must be seconded. The amended motion takes precedence over the original motion and must be voted upon if seconded. A motion to pass the original motion (as amended if the motion to amend passes) or as originally made (if the motion to amend fails to pass) must then be made or restated and a roll call vote thereon taken.

Section 5. Voting

The P & Z Commission shall conduct its vote in public session at the meeting in which evidence is concluded, unless the P & Z Commission determines additional time for deliberation is necessary and continues the public hearing for that purpose.

Voting on final recommendations of the Planning and Zoning Commission shall be by roll call. Other voting shall be by voice vote unless a roll call is requested by the Chairman or another member of the P & Z Commission. A majority of members present (in person and electronically) shall have a concurring vote order to constitute a simple majority recommendation for most matters as set forth in the following table; however, depending on the zoning relief sought in the petition before the P & Z Commission, e.g., appeals, variations, special use permits, and planned unit developments, the concurring vote of at least 5 members shall be required for a positive recommendation as to each form of zoning relief and/or subdivision approval sought as set forth in the following table. A tie vote shall result in "no recommendation".

REQUEST	VOTE REQUIRED TO PASS MOTION TO RECOMMEND		
*	Simple Majority of	Minimum Five (5)	
	Members Present	Affirmative Votes	
Appeals		•	
Comprehensive Plan Amendments	•		
Variations		•	
Major Design Exceptions	•	2	
Text Amendments	•		
Rezonings/Map Amendments	•		
Special Use Permits		•	
Site Plan Review	•		
Planned Unit Development	20	•	
Preliminary Plat of Subdivision	•		

In the event that a vote on a motion to recommend in favor fails to pass by the Planning and Zoning Commission on any item under consideration, the Chairman shall note that fact and the Secretary shall provide the vote results and a summary of each Commissioner's comments.

Section 6. Rules of Order

A. Robert's Rules of Order shall govern Commission proceedings.

Chairman to Preside: The Chairman shall preside at all regular business meetings and special meetings of the P & Z Commission provided that in the absence of the Chairman the Vice Chairman shall preside. In the absence of both the Chairman and the Vice-Chairman, an Acting Chairman shall be elected by the P & Z Commissioners physically present at the meeting shall preside.

- B. The Chairman shall preserve order and decorum and shall decide on all questions of order.
- C. Precedence of Motions:
 - i. Motion to adjourn to a date certain.
 - ii. Motion to adjourn.
 - iii. Motion to continue the meeting to a time certain.
 - iv. Motion to close debate and call the question. When a motion is made to "close debate and call the question" a vote on the main motion shall be taken without further debate unless either a motion to adjourn is made or unless the motion is objected to. If the motion to close debate and call the question is contested by an objection to the motion, the Chairman will ask for a roll call on the motion to close debate and call the question to close debate and call the question, which shall pass if approved by a majority of the P & Z Commission present (in person or electronically). A motion to close debate and call the question does not require a second.
 - v. Motion to amend.
 - vi. Motion to table to a date certain.
 - vii. Main motion
 - viii. Motion to reconsider at the same meeting. A motion to reconsider a decision made at the same meeting the original vote was taken may be made by any member of the P & Z Commission, if that member voted with the prevailing side. If the motion to reconsider is made before another item has been discussed, and if the motion is seconded and passed by a two-thirds (2/3) vote of the P & Z Commission, the item may be reconsidered at that meeting.
 - ix. Motion to change a vote. A member has a right to change his or her vote up to the time that the result is announced; after that, he or she can make the change only by the unanimous consent of the assembly granted without debate.
 - x. Motion to suspend the rules. Planning and Zoning Commission procedural rules may be temporarily suspended for only the matter under consideration at any time by a vote of two-thirds of Commissioners present. However, rules relating to issues governed by State statute shall not be so suspended.
 - xi. Motion to remove an item from the agenda. This motion is appropriate when the P & Z Commission chooses to take no action on an item (e.g., when the petitioner has withdrawn the request).

Article 4 – Public Forum

Section 1. Public Forum

The Open Meetings Act provides that members of the public must be given an opportunity to address public officials at open meetings and provides that public comment maybe subject to the rules established and recorded by the public body. The purpose of the public forum is to allow members of the public an opportunity to address the Planning and Zoning Commission on issues of concern to them which are not part of the agenda.

Section 2. Public Comment

- A. All members of the public who want to address the Planning and Zoning Commission at a P & Z Commission meeting as to a matter not on the agenda for that meeting shall fill out a registration form available on line and kept on the table outside the meeting room for members of the public to be completed and filed with the secretary before commenting, identifying themselves by name and indicating the general nature of the topic that is not on the agenda they wish to address.
- B. Members of the public shall be called in the order that they signed up (except as to public hearings which are governed by Article 5). Speakers shall address the Planning and Zoning Commission from the podium and shall state their name and address for the record before beginning their remarks.
- C. Speakers shall limit their remarks to no more than three (3) minutes unless additional time is granted by the Chairman or by majority vote of the Planning and Zoning Commission. A timer shall be used to notify speakers when the allotted time has expired. Speakers will be informed when their allotted time has expired. Upon the expiration of the allotted time, speakers shall stop speaking and leave the podium unless additional time is granted or unless there are questions directed to the speaker from Planning and Zoning Commission members.
- D. Public participation during the public forum shall be limited to no more than thirty (30) minutes in total unless extended for a time certain by the Chairman or by a majority vote of the P & Z Commission. If there are more speakers signed up to address the P & Z Commission than time will allow, public forum shall be bifurcated and continued to the end of the agenda, prior to new business.

Article 5 – Public Hearing Rules of Procedure.

These Public Hearing Rules of Procedure are designed to ensure a fair and thorough public hearing process and should be considered the general parameters governing zoning public hearings.¹ These Rules of Procedure apply to all public hearing participants who, for the

¹ It is important to make it clear that the rules of procedure are general in scope and, as noted later in the paragraph can be temporarily waived, suspended, or adjusted to meet the particular needs of the public hearing process. This statement makes it clear that the rules are designed to be flexible and this is consistent with the Supreme Court's decision in <u>Klaeren v. Village of Lisle</u>, 202 III.2d 164 (III. 2002) where the Court explained, among other things, that "We recognize that the right is not unlimited and may be

purposes of these Rules of Procedure, are the petitioner, petitioner's witnesses, and attorneys representing the petitioner, objector(s), objector's witnesses, and attorneys representing objectors, if any.² All such participants are expected to conduct themselves according to these rules and in a respectful and professional manner. While the Bartlett Planning and Zoning Commission (the "P & Z Commission") has the authority, if it deems necessary, to temporarily waive, suspend, or otherwise adjust these Rules as circumstances warrant, failure by any participant in the public hearing process to follow these Rules of Procedure, as may be adjusted by the P & Z Commission may result in removal from the public hearing by the Chairman of the P & Z Commission

A copy of these Public Hearing Rules of Procedure together with registration forms shall be made available online and shall be kept on a table outside the meeting room for members of the public to be completed and filed with the Secretary. If an individual has not registered to provide comment, testimony, or questions on a petition before the P & Z Commission, or to otherwise address the P & Z Commission on any public hearing matter before it, but wishes to do so, that individual can obtain a registration form outside the public hearing room, fill the form out, and give it to the Secretary for the meeting, but shall be called to comment, testify, or ask questions (other than cross examination) after all individuals who pre-registered have commented, testified, or asked questions (other than cross examination).³

NOTICE TO ALL INDIVIDUALS WHO MAY WISH TO CROSS EXAMINE AN APPLICANT'S WITNESS(ES): Please note that if an individual or ownership entity did not receive personal mailed notice-of the public hearing and wishes to cross-examine the applicant, or any applicant witnesses, that individual or its authorized representative must register not less than seven days before the public hearing date to conduct the cross- examination.⁴

All public hearings held before the P & Z Commission, unless otherwise required by law, will be administrative hearings. The Rules of Evidence and other Rules of Civil Procedure will not be enforced, but may serve as guidance, where appropriate, at the sole discretion of the Chairman of the P & Z Commission.⁵

Section 1. Notice.

tailored by the municipal body to the circumstances specifically before it." Klaeren at 185

² This statement makes clear that all who appear before the body holding the public hearing are subject to the rules and avoid debates as to the scope of their applicability.

³ Registration rules are useful to not only manage the public hearing process, but also keep a record for municipal files on who appeared and provided testimony. In addition, the registration forms can have a notes section that may be used by the Chairperson or secretary of the P & Z Commission holding the public hearing to note the testimony offered.

⁴ Title 10 Chapter 13 of the of the Bartlett Municipal Code requires that personal notice be sent to surrounding property owners of a zoning application on a given parcel. Individuals and entities that have received or are entitled to receive personal notice under Section 10-13-12:C of the Bartlett Municipal Code shall have an automatic right to cross examination and a qualified right for those who did not receive personal notice. These rules are set up for such a two stage system of cross examination.

⁵ This paragraph makes it clear that public hearings before the P& Z Commission are not court proceedings and, that while some procedure will be used, it is a more flexible and informal process than a court proceeding.

Prior to commencement of the public hearing, the Secretary, being the Director of the PDS Department, or his or her designee who is present at the public hearing, shall confirm that proper notice of the public hearing was given in accordance with state statutes and the Bartlett Municipal Code, that documentation of such notice is included in the case file for the petition/applicant ("petitioner") before the P & Z Commission and that each is properly identified as an exhibit to the record.

Section 2. Introduction by the Chairman.

The Chairman will begin each public hearing by announcing the name of the petitioner and the relief requested. The Chairman will explain the procedures for the conduct of the public hearing. An oath will be administered to all persons intending to testify during the course of the public hearing, and may be administered in mass to all individuals who will testify at the public hearing. Nothing said by attorneys representing any party will be considered evidence or testimony, unless the attorney's client is not present at the public hearing, and if he or she intends to testify or present evidence on behalf of a client opposed to solely to raising legal arguments, is sworn under oath. The Chairman will remind those people previously sworn under oath from a continued or reconvened public hearing that they remain under oath.

Section 3. Village Staff's Summary of Petition.

Village staff will summarize the basic facts of, and zoning relief requested in, the petition. In the event that the hearing is continued from a previous date, staff will be asked to provide any new, additional, or supplemental information.

Section 4. Petitioner's Presentation.

The petitioner will present the petition with testimony of witnesses and other evidence. In general, the P & Z Commission should allow the petitioner to make this presentation without interruption, except for those questions allowed by the Chairman that may be immediately necessary to aid the P & Z Commission or the public in understanding a particular aspect of the presentation.

Section 5. Public Comment, Testimony, General Questions (Other than Cross-Examination).⁶

- A. General. At the start of the period for public comment, testimony, and general questions, the Chairman will advise the public:
 - i. of amount of time permitted for public testimony, comment, and general questions;

⁶ This section establishes the rules for general comments, testimony and questions and is distinguished from the rules for cross-examination. This Section of the Rules clarify they are not the rules for cross-examination to avoid confusion among members of the P & Z Commission and the general public. The distinction between general comments, testimony, and questions and cross-examination is further established in these rules by requiring that they be directed to the P & Z Commission for later redirection to staff or the petitioner.

- ii. that all speakers state their names and addresses before addressing the P & Z Commission.
- iii. to avoid repetitive comments, testimony, and general questions;
- iv. to appoint only one person to speak on behalf of a group; and
- v. that all information presented to the P & Z Commission is under oath.
- B. Each person will be permitted to speak one time only, unless the Chairman determines that allowing a speaker to address the P & Z Commission again will contribute new testimony or other evidence. Unless more time is deemed necessary by the Chairman, all comments from the public will be limited to no more than five minutes per person.
- C. **Testimony, Evidence, and Questions.** Members of the public and their attorneys should address their comments, testimony, and general questions to the P & Z Commission. Following the conclusion of all public participation, the Chairman will direct the questions from the public to the petitioner or staff in an orderly and consolidated manner for response.

Section 6. Cross-Examination.⁷

- A. In addition to asking general questions, the public and their attorneys will have an automatic or qualified right to cross-examine petitioners and petitioners' witnesses in accordance with the following:
 - i. Personal Notice Recipients' Automatic Right. People who received a personal notice addressed to them as required under the Zoning Ordinance about the public hearing, or people who should have received personal notice as provided in Section 10-13-12:C of the Bartlett Municipal Code but did not actually receive such notice and are present at the public hearing, have an automatic right to cross-examine petitioners and petitioners' witnesses. People wishing to exercise this right must be prepared to demonstrate to the satisfaction of the Chairman that they are the person to whom the notice was addressed or that they reside at the address on the notice, or are within the parameters of people required to receive personal notice. This right is based upon the fact that these people have a unique interest in ensuring the preservation of the property values of their home, as well as the use and quiet enjoyment of their property. People who qualify under this right should be prepared to elicit information that addresses these valuable property interests.
 - ii. **Petitioners' Automatic Right.** Petitioners have a right to cross-examine any witness offered in opposition to their petition.

⁷ These rules govern the cross-examination process and create an automatic right and qualified right to cross examination based on whether or not a person received, or was entitled to receive, personal notice of the public hearing. The right to cross examination is well established under Illinois law (See <u>E & E</u> <u>Hauling, Inc. v. County of DuPage</u>, 77 III.App.3d 1017 (2nd Dist. 1979)) and <u>Klaeren</u>, *supra*.)

- iii. General Public Qualified Right. Any other party who does not otherwise have an automatic right to cross-examination under these rules must file a formal registration and request to do so at least 7 days in advance of the scheduled public hearing date or continuation thereof.⁸ The request must be made on forms approved by the P & Z Commission and submitted to the Director of the Planning & Development Services Department. Requesters will be informed as to whether their right to cross-examine witnesses has been granted or denied within 2 days of the public hearing by the Chairman, or his or her designee, and no such request will be unreasonably denied.
- B. Expert Witnesses. An individual presenting information to the P & Z Commission as an expert witness shall provide the P & Z Commission with his or her name, the city, county and state (if other than Illinois) where he or she resides, the address of the business which he or she represents, and a description of the area of knowledge or purported expertise of such witness. It is preferred that such witness register with the Recording Secretary with a business card and/or curriculum vitae. Such witness shall be allowed to testify subject to cross-examination and the conditions set forth herein or as may be reasonably imposed by the Chairman.
- C. All members of the public and their attorneys conducting cross-examination are subject to, and must tailor their cross-examination in accordance with the following:
 - i. The matters that are subject to cross-examination are factual and not merely matters of taste or personal opinion;
 - ii. The cross-examination will help simplify otherwise complex issues before the P & Z Commission; and
 - iii. The cross-examination relates to the factors to be considered by the P & Z Commission in making its recommendation.⁹
- D. In all instances, the Chairman may specify which issues are considered relevant to the factors the P & Z Commission must use to make its recommendation and limit cross-examination accordingly. People wishing to cross-examine witnesses

⁸ The qualified right to cross-examine witnesses requires a registration in advance of the public hearing. The purpose of requiring registration is to, among other things, understand the extent of potential community concern or opposition to a project, ensure that those who want to cross-examine witnesses understand the rules governing the cross-examination process and to facilitate an orderly and efficient public hearing process.

⁹ These rules require people wanting to cross-examine witnesses to tailor their cross examination to a reasonable scope of questioning. Cross-examination should be straight-forward and assist the public body in reaching its decision. Without appropriate tailoring, cross-examination can become tedious and irrelevant, confusing the applicant, the public, and the P & Z Commission. A useful requirement is to require that those conducting cross-examination limit their questions to the factors required to be demonstrated to support the zoning relief requested or opposed. These factors, or standards, are listed in the zoning code sections set forth in Title 10, Chapter 13 of the Bartlett Municipal Code dealing with the zoning relief in question (i.e., comprehensive plan amendments, variations, major design exceptions, text amendments, map amendments/rezoning, special use permits, site plan review, planned developments, planned unit developments, and subdivision approval (Title 11).

must be aware of the factors that guide the P & Z Commission in its considerations of a given petition and must tailor their cross-examination to these factors. Failure to do so may result in disqualification from cross-examination.

- E. The Chairman will determine whether a party conducting cross-examination is eliciting relevant information and may direct a cross-examiner to adjust his or her questioning accordingly. In addition, the Chairman may restrict the scope of cross- examination to the testimony offered. Cross-examination designed to elicit extraneous, irrelevant, or repetitive testimony will be ruled out of order by the Chairman and may result in disqualification of the person from further cross- examination of the witness.
- F. The P & C Commission acknowledges the rights of parties to cross-examine witnesses, but parties wishing to do so must accept that the P & Z Commission is not a court of law and the normal rules of evidence that would otherwise exist in those settings are not applicable in the P & Z Commission's proceedings. In order for the P & Z Commission to most effectively carry out its responsibilities, parties wishing to cross-examine witnesses must respect this fact and conduct themselves accordingly.
- G. Finally, parties wishing to cross-examine witnesses offered by a petitioner are expected to respect the right of the petitioner to a prompt and efficient process. The use of cross-examination that deviates from these rules will be viewed as an abuse of process and infringement on the right of a petitioner to a prompt and efficient process and result in immediate disqualification from further cross- examination or testimony.

Section 7. Subpoena of Witnesses.

- A. There is no automatic right to request the issuance of a subpoena for any witness.¹⁰ However, upon:
 - i. a proper showing that the testimony to be elicited is relevant to the factors under consideration by the P & Z Commission;
 - ii. an allegation of some special interest beyond that of the general public;
 - iii. that the evidence to be elicited from the subpoenaed witness cannot be obtained through some other document or testimony; and

¹⁰ Some attorneys have argued that the right to subpoena witnesses, currently limited under the zoning statutes (compare 65 ILCS 5/11-13-3(e) "the chairman...may... compel the attendance of witnesses" to 65 ILCS 5/11-13-7(a) "Zoning variation and special use applicants and property owners, as set forth in Section 11-13-7 of this Act [in municipalities of 500,000 or more population], shall have the following rights...to have subpoenas issued for persons to appear at board of appeals' hearings and for examination of documents"), extends to all municipalities based on the Appellate Court decision in Klaeren [citation omitted]. The Supreme Court declined to adopt the Appellate Court's decision in this regard, criticizing the Appellate Court, "the appellate majority too strictly relied on the Municipal Code for its resolution of this cause." Klaeren, 202 III.2d at 181. These rules follow the Supreme Court's decision, creating a qualified right for subpoena of witnesses only, and also incorporates the discretionary language of 65 ILCS 5/11-13- 3(e) where the chairperson "may" compel the attendance of witnesses and that failure of a subpoenaed witness to appear will not delay the proceedings before the public body.

iv. that the request is reasonable and does not appear to made solely to cause delay and/or to continue the public hearing.

The Chairman may, in accordance with state law, compel the attendance of witnesses. Any person who satisfies the requirements for issuance of a subpoena will be completely responsible for presenting the witness before the P & Z Commission, including, without limitation all costs, attorneys' fees, and enforcement of the subpoena. In no event will subpoenas be issued to obtain documents or other nontestimonial evidence.

B. Failure of a subpoenaed witness to appear will not result in a delay of the proceedings before the P & Z Commission.

Section 8. Time for Non-Petitioner Presentation(s).

As a general rule, all other parties desiring to make a presentation will be collectively allowed an equal amount of time as was provided the petitioner for its full presentation. Multiple parties desiring to make presentations are expected to coordinate their efforts to maintain efficiency and the promptness of the proceedings and to stay within the general time parameters set forth herein.

Section 9. Response by the Petitioner.

The Chairman will allow the petitioner a reasonable time to respond to the public testimony and comments presented, but no more than half the time as was used by all other nonpetitioners.

Section 10. Questions by the P & Z Commission.

The P & Z Commission members may ask questions of any individual that may be necessary to clarify material presented or the relief requested. At the conclusion of the questions, the public hearing will be closed.

Section 11. P & Z Commission Discussion and Deliberation.

During the P & Z Commission's discussion, members of the P & Z Commission may direct additional questions to the petitioner, witnesses for the petitioner, or members of the public who testified. At the conclusion of the discussion and questions, and additional comment if allowed, the P & Z Commission should vote to close the public hearing. The petitioner, witnesses for the petitioner, or members of the public or their attorneys may not address the P & Z Commission during this portion of the meeting without the consent of the Chairman.

Section 12. P & Z Commission Action.

Based on the discussions, at the conclusion of the P & Z's additional questions and additional comments (if allowed), the P & Z Commission should either (a) vote to close the public hearing, or (b) request the petitioner, a member of the public, Village staff, and/or the Village Attorney to provide new or additional information and continue the

hearing to a date certain. After the public hearing has been closed (whether on the initial hearing date or on a continued hearing date) the P & Z Commission shall take action (vote) on the petition and make its recommendation to the Board of Trustees. A vote by the P & Z Commission to make a recommendation, if not formally closed by vote after all P & Z member discussion and questions, will automatically close the public hearing.¹¹

Article 6 – Conflicts of Interest

Any member of the Planning & Zoning Commission who has a conflict of interest in a matter before the P & Z Commission shall not participate in the discussion, deliberation or vote thereon. Conflicts of interest may arise from various scenarios including but not limited to, financial, ownership or property interests, conflicts with employment or appointments, or conflicts with a publicly-stated opinion on a pending application.

If a Commissioner determines that he or she has a conflict of interest, that commissioner shall state the nature of the conflict, recuse himself or herself from that matter, including removing himself or herself from the meeting until the discussion, deliberation and vote is resolved. The P & Z Commission member's recusal will be considered an abstention and shall not be counted as either an aye or a nay vote. Further, the recusing member shall not be counted in determining the total number of votes required to recommend approval of a matter before the P & Z Commission, any statute, ordinance or rule of parliamentary procedure to the contrary notwithstanding.

Article 7 – Miscellaneous

Section 1. Suspension of the Rules

The P & Z Commission may suspend any of these rules, with the exception of the vote requirements, for a single meeting, or for a single item on its agenda at such meeting, by a vote of two-thirds Commission members present, provided said rule suspension does not violate the Illinois Open Meetings Act.

Section 2. Amendments

These rules may be amended at any regular or special meeting by a two-thirds vote of total membership of the P & Z Commission if amendment of the rules is included on the P & Z Commission Agenda. Any proposed amendment must be presented in writing before the vote on the amendment is taken.

Section 3. Attendance

¹¹ The closing of the public hearing upon a vote of the P & Z Commission on the application provides flexibility to take additional testimony, in the discretion of the P & Z Commission, up to the point of a vote on an application. An earlier vote to close the public hearing could result in the P & Z Commission being required to reopen the public hearing, including requirements to publish and deliver new notice. Failure to follow these procedural requirements on the reopening of a public hearing could result in technical challenges to the public hearing process.

A P & Z Commission member shall not miss two (2) consecutive meetings without first discussing the absences with the Chairman or PDS Director.

Any P & Z Commission member absent from three (3) of more meetings in any twelve (12) month period may be recommended for dismissal. This shall be at the discretion of the Village President and may include consideration of factors such as extenuating circumstances associated with the absences.
