## **Order Your Parkway Tree by 9/27**

This beautiful Blackgum tree is just one of several species available in this fall's Parkway Tree Replacement Program. For many years, the Village of Bartlett has planted trees with the help of homeowners in an effort to reforest and diversify Bartlett's parkways. This program provides the opportunity for residents to select and purchase a parkway tree, with the Village sharing 50 percent of the cost.

The cost for residents is \$100 per tree. This price includes tree planting, a one-time mulching, and a one-year warranty. Limited quantities of each species are available, and all orders are filled on a first-come, first served basis. All orders and payments must be received by September 27.

## September is National Suicide Prevention Month

Every year, the 988 Lifeline and other mental health organizations and individuals across the U.S. raise awareness of suicide prevention during September, National Suicide Prevention Month. We can all help prevent suicide.

#BeThe1To is the 988 Suicide & Crisis Lifeline's message for National Suicide Prevention Month and beyond, which helps spread the word about actions we can all take to prevent suicide. The Lifeline network and its partners are working to change the conversation from suicide to suicide prevention, to actions that can promote healing, help and give hope.

**#BeThe1To:**

**ASK** - Research shows people who are having thoughts of suicide feel relief when someone asks after them in a caring way. Findings suggest acknowledging and talking about suicide may reduce rather than increase suicidal ideation.

**BE THERE** - Individuals are more likely to feel less depressed, less suicidal, less overwhelmed, and more hopeful after speaking to someone who listens without judgment.

**KEEP THEM SAFE** - A number of studies have indicated that when lethal means are made less available or less deadly, suicide rates by that method decline, and frequently suicide rates overall decline.

**HELP THEM STAY CONNECTED** - Studies indicate that helping someone at risk create a network of resources and individuals for support and safety can help them take positive action and reduce feelings of hopelessness.

**FOLLOW UP** - Studies have also shown that brief, low cost intervention and supportive, ongoing contact may be an important part of suicide prevention, especially for individuals after they have been discharged from hospitals or care services.

If you or someone you know is struggling or in crisis, help is available NOW. Call or text 988 or chat [988lifeline.org](https://988lifeline.org).

See More Meetings & Events on the [Website Calendar](#). Please know that meeting agendas are not posted to the website until they are finalized, generally the week before the meeting date.

## COMMUNITY SPIRIT

### Kiwanis Club is Coming to Bartlett

Kiwanis is a service organization with a focus on children. The clubs are in more than 84 nations. One of Kiwanis many achievements – proud accomplishments – is its Service Leadership Programs. One of these programs is already in the Bartlett community at Bartlett High School. It is a Key Club.

Key Club is an opportunity for high school students to learn leadership skills, about their community, and the importance of volunteerism. It is the largest student led organization backed by Kiwanis International. Typically, Key Clubs are sponsored by an adult Kiwanis Club in the community, which is why Kiwanis Club of Bartlett is planning to organize on **October 23, 2024**.

Do you have a passion for service? Do you support success for children? Kiwanis is for you. Become a charter member of the new club! Simply send an email to [iigov2024.25@gmail.com](mailto:iigov2024.25@gmail.com) with your interest. Kiwanis is looking forward to working with the Bartlett community.
