FINDINGS OF FACT FOR VARIATIONS

Both the Planning & Zoning Commission and the Village Board must decide if the requested variation is in harmony with the general purpose and intent of the Zoning Ordinance and if there is a practical difficulty or hardship in carrying out the strict letter of the regulations of the Zoning Ordinance. The Planning & Zoning Commission shall make findings based upon evidence presented on the following standards:

(Please respond to each of these standards in writing below as it relates to your case. It is important that you write legibly or type your responses as this application will be included with the staff report for the Planning & Zoning Commission and Village Board to review.)

| 1. | That the particular physical surroundings, shape or topographical condition of the specific property involved would result in a particular hardship upon the owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out. | | | | | | |
|----|---|--|--|--|--|--|--|
| | | | | | | | |
| 2. | That conditions upon which the petition for a variation is based are unique to the property for which the variation is sought and are not applicable, generally, to other property within the same zoning classifications. | | | | | | |
| 3. | That the purpose of the variation is not based exclusively upon a desire to make more money out of the property. | | | | | | |
| | | | | | | | |

| | created by any person presently having an interest in the property. |
|----|---|
| 5. | That the granting of the variation will not be detrimental to the public welfare or injurious to othe property or improvements in the neighborhoods in which the property is located. |
| 5. | That the proposed variation will not impair an adequate supply of light and air to adjacen property, or substantially increase the congestion in the public streets, or increase the danger of fire, or endanger the public safety, or substantially diminish or impair property values within the adjacent neighborhood. |
| 7. | That the granting of the variance requested will not confer on the applicant any special privilege that is denied by the provisions of this Title to other lands, structures or buildings in the same district. |
